

## FOR L'IL SQUEAK SORBER

### *Blessings*

A fuzzy kiss to start the day  
means more than words can ever say,  
Fuzzy whispers in my ear,  
little whiskers, soft and dear..

A little shadow follows me,  
a little nudge...what can it be?  
Just my fuzzy at my feet,  
innocent and looking sweet...

A little furball on the run,  
life so brief, but so much fun!  
misplaced poopies on the rug,  
trusting eyes, a fuzzy hug..

Bedtime when I tuck you in,  
a goodnite kiss, a tickled chin..  
Special Blessings all day long,  
I'll miss them so when you are gone...

So now I treasure every one  
until your little life is done..  
'cuz in our house we know it's true:  
Our home is blessed because of you.
